Learn To Play, The Laidback Way!

My teaching philosophy is to firstly develop a relaxed learning environment. Once relaxed, the learning experience becomes easy and FUN

(Learn to Play, The Laid Back Way)

Through solid fundamentals, grip, stance and posture, we can achieve balance which is a key I focus on in my teaching. By achieving correct balance in the swing, correct swing plane and club face position are achievable.

I treat each of my students as an individual and will develop the best swing approach and solutions to suit YOU!!!
